

Heidyn's Song - Oren Rosenthal

Intro: C

 C F C
In the darkness of the country
 Dm Em F G
Where the unseen spirits dwell
 C F C
I travel without a candle
 Dm Am G
With a friend I know so well

Chorus:

 F
She'll make you laugh
 C
She'll make you whole
 F G
Her smile will ease your mind
 Am
Through this troubled life
 F G C
It's a moments peace you'll find

She takes a piece of beechwood
And she polishes it with care
Till it becomes endowed with beauty
A beauty she put there

Chorus

Though she struggles with her darkness
She never will give in
She fears the end of daylight
But she's the strength she holds within

Chorus

She lives with fiercest passion
Though her ending goal's not clear
And her heat it warms my vision
As she moves away from here

Chorus

On this room's an empty table
I don't even have a chair
Is it just a trick of memory
Or do I see her guitar lying there
